STRAWBERRIES

Senator Dunlap—P—A well tested wonderfully productive variety. One of the safe sorts to plant everywhere and sure to take a high place among the standard sorts. Fruit good size, regular form, bright red, firm, splendid keeper and shipper.

Minnehaha (No. 935) P—Hardy variety, producing the most vigorous plants, the largest and firmest berries ever grown at the Fruit Breeding Farm. Foliage very heavy, leaves large dark green, long stemmed. Flowers perfect, large, and borne on long moderately thick stems. Fruit very large, slightly irregular, somewhat necked, wedge shaped to roundish conic, dull medium red; flesh light red, juicy, firm, tart; quality good. Ripens after midseason.

25 Plants, 75c; 100 for \$2.50; 1000 for \$15.00

Easypicker—Same price as Dunlap, Warfield, Dr. Burrell and Nokomis.

EVERBEARING STRAWBERRY PLANTS

Progressive—P—Strong, perfect blossoms; good plant maker, and fruits continuously. Extra good about fruiting heavily on new runners the first summer and fall. Berry rather long shaped; fine, dark color and good quality. Its extra firmness makes it a good shipper. This variety has well been called the Dunlap of the Everbearers. It is certainly a good variety and worthy of a place in every garden because of its long bearing season and reputation as a producer of exceptional fruit.

25 Plants, \$1.50; 100 for \$4.50; \$30.00 per 1000
